THE EXPECTED SPLIT OCCURS

Banker Curtis and Financier Morse Are at Outs.

WILL TELL ALL THE FACTS

Former President of the Suspended Bank of North America Will State Things as They Really Happened. Relates His Early Experience in the Banking Business and Tells How He Over-Certified Checks.

New York, Oct. 28.—The expected split between Charles W. Morse, bank promoter, financier and "ice trust" organizer, and Alfred H. Curtis, president of the National Bank of North America, both of whom are under indictment charging them jointly with violation of the national banking laws, came with the swearing in of Curtis as the first witness for the defense in the trial before Judge Hough in the United States court here. Before beginning Mr. Curtis' examination the court had heard arguments on behalf of both defendants on motions to dismiss the indictments, and had yielded on a few minor points, dismissing the counts charging conspiracy and misappropriation in one specific instance, but maintaining fifty-five counts charging over-certification, making of false reports, misapplication and the use of funds of depositors for speculative purposes.

Before calling the former president of the suspended Bank of North America to the stand in his own behalf, former Judge W. M. K. Olcott, Curtis' attorney, announced that he had persuaded his client "to tell all the facts." "My client hopes," said he, "that his testimony will not injure any of the other directors or officers who had to do with the management of the affairs of the Bank of North America. It is not his purpose to point his finger at any one individual and say, 'you did it, not I.' He will, however, tell the facts and state things as they really happened."

Tells of His Early Career.

Mr. Curtis began his testimony by relating his early career in the banking business. He had started at fourteen in the office of a Wall street broker, he said, graduating ten years later to a clerkship in the Bank of the State of New York, the institution subsequently purchased by Morse and merged with the Bank of North America. There he had advanced through the various grades to the position of cashier, in which capacity he had over-certified checks to the amount of $40,000,000, he declared.

Morse was, at the time, vice president and director of the bank. During an absence abroad Mr. Morse was deposed by President Edwards. Upon his return he obtained control of the bank by purchasing a majority of the stock, Mr. Curtis recounted, and after ousting Edwards, installed Curtis as president. Morse, the witness testified, carried a balance of between $100,000 and $150,000 with the bank and had brought a good many customers and depositors to it. When the Carroll loan on 4,000 shares of Ice had come up for renewal in the name of Braun, of Primrose & Braun, Mr. Morse had instructed him, the witness said, to put it through, telling him that he would stand back of it and guarantee it. At the time, Curtis testified, he supposed Morse to be a very rich man, having heard his wealth estimated at $22,000,000. It was therefore not extraordinary, he thought, that he should accept Morse's guarantee as fully protective.

The witness then went into details relative to the transaction whereby 2,000 of the 4,000 shares of Ice securities held by the bank had been sold to Mrs. Gelshenen and later disposed of by her at a profit of $24,580. The remaining 2,000 shares had also netted a profit of $24,580, and this Mr. Morse had turned into the bank, refusing to accept it for himself, although clearly entitled to it.

Other loans with Ice stock as collateral had been made by the witness, he declared, notably those to Davidson Brown, but always upon the recommendation of Mr. Morse and after he had signified that he stood back of them and guaranteed them.

Sherman in New York City.

New York, Oct. 28.—Invading the metropolitan district after putting in an active day campaigning in agricultural and manufacturing districts up state, James S. Sherman, Republican vice presidential nominee, made six speeches at different places in Manhattan and the Bronx boroughs to large and enthusiastic audiences.

PRINCE MAKES A TRIP.

Henry of Prussia Sails in Count Zeppelin's Airship.

Friedrichshafen, Oct. 28.—Prince Henry of Prussia spent several hours in the air as the guest of Count Zeppelin, who made an ascension in his remodelled airship. Not only did the prince thoroughly enjoy his experience, but he sat at the steering wheel for many miles of the flight guiding the movements of the craft and compelling it to execute all kinds of complicated maneuvers.

Prince Henry's satisfaction at the great flight was unbounded and he gave expression to it in a telegram which he sent to the emperor:

"Under Zeppelin's guidance I felt just as safe as on my own flagship."

Captain Mischke also was a passenger when the start was made, in the direction of Uberlingen, to the northward of Constance. With Count Zeppelin himself at the wheel, the airship rose to an altitude of 600 feet and, moving rapidly against a strong wind, soon disappeared behind a bank of clouds. Soon messages began to arrive from the towns in the Rhine valley announcing the passage of the airship, but about 2 p. m. a sonorous sound from the sky indicated that the craft was returning. Soon it appeared above the thronged streets of Constance; where the prince gracefully saluted in acknowledgement of the ovation from the cheering crowds below.

After maneuvering above Lake Constance in full view of the city for some time, the airship made its way towards the Swiss frontier, disappearing in the direction of Tyrol. It returned to its moorings about sunset. Captain Mischke said that the prince was anxious to remain for a few more flights but that he was uncertain whether his engagements would permit.

NIGHT RIDER TELLS REMARKABLE STORY

Confesses and Implicates Many Other Men.

Tiptonville, Tenn., Oct. 28.—Ted Burton, self-confessed night rider, told a remarkable story of night rider depredations in the vicinity of Reelfoot lake, confessing to the part he played in the outrages which reached a culmination in the putting to death of Captain Rankin a week ago and implicating men prominent in this section of the state. Of the number he declared had a part in the killing of Captain Rankin, more than half are now in custody at Camp Nemo, the military base near Samburg.

While Burton denies that he was present when Captain Rankin was put to death, he admits that it was through information given by him that the band congregated and secured the attorney while he stopped at the hotel at Walnut Log. According to Burton's confession Tom and Garret Johnson, under arrest, and William Watson, under bond in connection with another raid, were the leaders of the Reelfoot lake band.

Burton declares that he was one of a party which crossed the county line from the Reelfoot lake district into the adjoining county of Lake and whipped Justice of the Peace Winn, an aged man.

Coming to the killing of Captain Rankin, Burton declared that on the night of the lynching he went to Walnut Log and there met James Carpenter, the attorney of Union City, at whose solicitation Rankin and Judge R. Z. Taylor came to the lake. Burton states that he communicated with the night rider leaders and told of the intended visit.

On the following night he saw the two men at supper at the hotel, but declares he left Walnut Log early in the night and went out into the lake to fish. He heard the shots which ended the life of Captain Rankin, but did not return to the shore for some time.

In the course of his confession Burton gave the names of no less than forty members of the night riders.

Bryan likes the limelight of his present, but he shrinks from applying the X ray to his past.

Brandenburg's Bond Raised.

Dayton, O., Oct. 28.—Earl Broughton Brandenburg of Cleveland letter fame, who has been under bond in this city for several days, appeared in police court when his bond was raised from $500 to $2,500 and signed by his attorney. Brandenburg will return to New York.

"MICHAEL'S" "MICHAEL'S"

MONUMENT UNVEILED.

Memory of Former President Harrison Honored.

Indianapolis, Oct. 28.—The tribute of his home was paid to General Benjamin Harrison. The memory of Indiana's distinguished son, soldier, statesman and president of the United States, was honored in a way to be remembered by the thousands of citizens who gathered, despite the cold, to witness the unveiling of the striking bronze likeness of their former fellow-townsman. Vice President Charles W. Fairbanks, who is president of the General Harrison Memorial association, in a few remarks, presented the monument to the people.

A parade participated in by the Tenth United States infantry from Fort Benjamin Harrison, one regiment of the Indiana national guard and 700 Civil war veterans, including many members of the Seventh regiment, of which former President Harrison was colonel, preceded the unveiling exercises.

While the great silent throng looked on, little Miss Elizabeth Harrison made her way past the seats of the hundreds of her father's army comrades and up the steps till she stood before the draped figure of the man whose last picture was taken with her in his arms. She reached out and tugged at a cord that hung loose from the flags that formed the draping. The flags released, opened out and revealed the bronze figure. The little girl then lifted an American flag from the base of the monument, uncovering an immense laurel wreath sent by President Roosevelt. Carrying this, she returned to present it to her mother.

SECRET TARIFF RATES.

Issued by Pennsylvania Railroad to the Standard Oil Company.

New York, Oct. 28.—That secret tariff rates, which were not filed with the interstate commerce commission, were issued by the Pennsylvania Railroad company and that the Standard Oil company alone profited by the illegal rates, was testified in the hearing of the railroad phase of the government suit to dissolve the Standard Oil company.

Edward T. Johnson of Buffalo, division freight agent of the Pennsylvania railroad, who was the only witness called, was on the stand during the entire session.

CONFERENCE OF POWERS LIKELY

Will Probably Be Held to Settle Balkan Trouble.

London, Oct. 28.—The recent pourparlers in European capitals appear to have brought the idea of an international congress for the settlement of the Balkan problems appreciably nearer realization. Both Austria-Hungary and Bulgaria are adopting a policy of moderation. Baron von Aehrenthal, the Austro-Hungarian foreign minister, announces that his government is ready to enter the congress to discuss the annexation of Bosnia and Herzegovina, provided the discussion respects Austria's "sovereign rights" in those provinces, while the Bulgarian government is now reconciled to the payment of pecuniary compensation to Turkey.

A further rapprochement between the contending parties is expected to result from the visit of Emperor William to the Austrian emperor and Archduke Francis, who is regarded as the prime mover in Austria's forward policy in the Balkans.

M. Milovanovics, the Servian foreign minister, has arrived in London. To his policy of moderation at a critical moment is attributed the fact that Servia is not plunged in a war adventure. He will confer with Sir Edward Grey, the British secretary for foreign affairs, during his stay here, and the conferences are expected to confirm Servia in a policy of peace. M. Milovanovics will proceed to Paris on Saturday and then to Rome.

Football Player Killed.

Logan, Utah, Oct. 28.—Thomas Evans of the Utah agricultural college, right guard of the college football eleven, whose neck was dislocated last Saturday during a game with the Colorado School of Mines, died without regaining consciousness.

Many Hurt in Collision.

Edwardsville, Ill., Oct. 28.—Two electric suburban cars on the Edwardsville-Granite City line of the Illinois Traction system collided head-on five miles south of this point and eighteen or twenty passengers were injured.

Strengthen the Nerves

Nerve force like electricity is hard to explain.

One thing is certain. Nerve force can only be created from rich, red blood.

Make the blood right and you cure diseases of the nerves such as headache, indigestion, sleeplessness, irritability, weakness of the bodily organs, prostration and partial paralysis.

This is the only way actual cure can possibly be brought about, and because Dr. A. W. Chase's Nerve Pills are great blood builders they accomplish wonderful results in the cure of diseases of the nerves.

Mr. H. Martin, R F D. No. 1, Oak Grove, Mich., writes: "For twelve years I suffered from neuralgia and nervous debility and was treated by nine different doctors. I can state positively that I received more benefit from five boxes of Dr. A. W. Chase's Nerve Pills than from all the doctors put together. I want to thank you for the great good these pills did me."

HOLLAND'S NEXT STEP.

Diplomats Wondering Just What It Is to Be.

Washington, Oct. 28.—Diplomats, together with state department officials, are wondering just what is to be Holland's next step in her dealings with Venezuela, now that President Castro has declined to revoke his decree of May 14, prohibiting the transshipment of goods for Venezuelan ports at Curacao. Holland's latest note demanding the revocation of that decree generally has been understood to be an ultimatum by Holland and Nov. 1 was set down as the limit of time in which she expected Venezuela to take favorable action on her demand. That time is now near at hand.

Neither at the state department nor at the Netherlands' legation in Washington can any information be obtained as to the government's course regarding Venezuela in the event Castro persists in his refusal to revoke the objectionable decree against Curacao.

There has been some talk of a blockade of the ports of Venezuela by Holland. If Holland is determined to do this she is fully prepared for the work. She has now three good-sized war vessels in West Indian waters.

The position of the body indicated that he had stumbled over a log and in doing so struck his head on a fir tree, breaking his neck.

Heart Strength

Heart strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Strengthen the Nerves

Nerve force like electricity is hard to explain.

One thing is certain. Nerve force can only be created from rich, red blood.

Make the blood right and you cure diseases of the nerves such as headache, indigestion, sleeplessness, irritability, weakness of the bodily organs, prostration and partial paralysis.

This is the only way actual cure can possibly be brought about, and because Dr. A. W. Chase's Nerve Pills are great blood builders they accomplish wonderful results in the cure of diseases of the nerves.

Mr. H. Martin, R F D. No. 1, Oak Grove, Mich., writes: "For twelve years I suffered from neuralgia and nervous debility and was treated by nine different doctors. I can state positively that I received more benefit from five boxes of Dr. A. W. Chase's Nerve Pills than from all the doctors put together. I want to thank you for the great good these pills did me."

It is just as important to the public to know how money is spent in a political campaign as whence it comes. The Republicans propose to reveal both source and use. The Democrats wish to tell the source only.

"My wife has been afflicted with a very severe case of rheumatism in her lower limbs for the past six years. We tried several doctors as well as remedies but without effect.

"Your great Blood and Rheumatism Cure, 6088, was recommended to me by a friend whom it had cured. She tried it, and after using a couple of bottles of the remedy she is about free from any rheumatic trouble.

"I cheerfully recommend it to anyone who is suffering with rheumatism.

EMILY

Work has began on the foundation of the new church.

Ray Anderson has moved into his fine new house.

Mr. Lumer, the shoemaker, has put an additional sixteen feet square on his house.

Mr. Ford has started up his saw mills and is making shingles.

Mr. Clark has returned from an extensive trip to Michigan. He reports the apple crop a failere there.

Mr. Fletcher will put an addition on the front of his hall.

Mr. Davis has moved into the Vogel house.

Wm. Anderson has taken the contract to build the school honse in this district.

Henry Fletcher will build him a residence in the near future.

The cabbage crop is good around here. Postmaster Lambert has raised some which weighed 19 pounds each.

The bear killed near Crooked lake weigehd 325 pounds.

Will Moore, the mail carrier and barber, is having his house plastered.

Landlord Stirewalt offers the hotel for sale because of the poor health of Mrs. Stirewalt.

Mr. Martin has gone north with a boat large enough to camp in. He expects to return as soon as he gets it full of ducks, bear, moose, etc.

Words, idle words; deeds, real deeds—there, in a nutshell, is the Rooseveltian contrast between the Bryan vocabulary and the Taft record.

Doubtless Mr. Bryan wishes that President Roosevelt were not so prompt in answering letters.

Mr. Taft is offering a record of construction and accomplishment. Mr. Bryan is offering a record of destruction and failure.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

LAST WEEK END SPECIAL

Week End Service on Minnesota & International will be Discontinued Next Month

The last Week End Special, of the Minnesota & International railroad, will go north Saturday next, returning Sunday night. This service has been very popular during the summer months and many Brainerd residents hope to see it resumed next summer if conditions will not warrant a daily night train on that railroad.

Married Man in Trouble

A married man who permits any member of the family to take anything except Foley's Honey and Tar for coughs, colds and lung trouble, is guilty of neglect. Nothing else is as good for all pulmonary troubles. The genuine Foley's Honey and Tar contains no opiates and is in a yellow package. mwf

Catholic Fair

A grand fair under the auspices of St. Francis church will be held in Gardner's hall commencing Thursday evening, October 29th and ending on Saturday evening, Oct. 31. A sumptuous supper will be served by the ladies of the church each evening. Besides there will be an immense assortment of articles such as will appeal to the tastes of every individual: fancy goods, boys' apparel, men's clothing, etc., etc. The citizens of our city are respectfully invited and the patronage invariably given in the past is solicited. The following will be the menu of the supper served each evening: Roast chicken with dressing, roast pork, ham, scalloped potatoes, baked beans, salads, pickles, cheese, rolls, coffee.

STOP STARVING YOUR STOMACH

Eat Your Favorite Food Without Dread of an Upset Stomach or Dyspepsia

END ALL STOMACH MISERY

Perfect Digestion Leaving Nothing to Ferment Results from Taking a Little Diapepsin

Every family here ought to keep some Diapepsin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This darmless preparation will digest anything you eat and overcome a sour stomach five minutes afterwards.

If your meals don't tempt you, or what little you do eat seems to fill you or lays like a lump of lead in your stomach, or if you have heartburn that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapepsin and take one triangule after supper tonight. There will be no sour risings, no belching or undigested food mixed with acid, no stomach gas or heartburn, fulliness or heavy feeling in the stomach, nausea, debiltating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for all stomach misery, because it will take hold of your food and digest it just the same as your stomach wasn't there.

Actual, prompt relief for all your stomach misery is at your pharmacist, waiting for you.

These large 50-cent cases contain more than sufficient to cure a case of dyspepsia or indigestion.

FOR ELECTION RETURNS

Northwestern Telephone Company is Making Elaborate Arrangements for Them

The Northwestern Telephone Exchange Co., in connection with the American Telephone and Telegraph company is making elaborate preparations to furnish telephone returns to its patrons. The companies will have direct special wires between Minneapolis and the large eastern cities and the only repetition will be at Minneapolis. Local manager Jones states that he will have two stenographers on duty that night, one taking the bulletin in short hand, then changing with the other so that one is receiving and the other transcribing at all times. In this city the returns will be furnished at the Ransford hotel, the Y. M. C. A., and the Bijou and Unique theatres. Mr. Jones states that his company will be in position to furnish much better service than any of the telegraph companies. All election officers in country precincts are requested to phone the returns from the nearest phone at the earliest possible moment. These returns will be transmitted over the lines free of cost, and will be sent from the central station here to headquarters in Minneapolis.

Interupts Political Speaker

A well dressed woman interrupted a political speaker recently by continually coughing. Refuse substitutes. H. P. Dunn, druggist. mwf

Bemidji Vs. Brainerd

Saturday afternoon the Bemidji High school and Brainerd High school foot ball team will play on the McKay grounds. Bemidji has a strong team though the loss of Capt. Lycan, their full back, will be a big loss for the upstater's, nevertheless they are expected to put up a good article of foot ball. Heretofore Brainerd has held herself down to some extent by not playing all of her fancy and trick plays, but in the game the coming Saturday they are going to loosen up, and the spectators will be treated to a series of plays that will show the open style of foot ball, better than has ever been shown in this city.

Coach Sanborn has been doing good work with his men this week and they are now in as good physical condition as is possible and with fair luck, Brainerd should take Bemidji's scalp.

The game will be followed by a dance in Elk's hall for the benefit of the large crowd of rooters expected from Bemidji, in order to pass the time before train time.

STRAIN TOO GREAT

Hundreds of Brainerd Readers Find Daily Toil a Burden

Mrs. Henry Elling, living at 119 Second Ave., Brainerd, Minn., says: "Off and on for several years my husband was troubled with his back and kidneys. At times it was only an uncomfortable feeling of weakness, and then again his back ached severely. Having been told about Doan's Kidney Pills he procured a box from H. P. MUSIC AND DRAMA

Wyoming Last Night

The production of "Wyoming" at the opera house by the Burt-Imson Co., was a decided improvement over the production Monday night and was well attended. Popular prices will be charged. Thursday evening's offering will be "The Gambler and the Girl."

The Devil

It is usual for "The Devil" to be turned loose the night before election, but it will be done in a different sense in Brainerd this year than in some other places. "The Devil" which is coming to Brainerd on that date, next Monday night is the Henry W. Savage version of Franz Molnar's Hungarian play "Der Teufol" and is being presented by special permission of Mr. Savage one of the most progressive among American theatrical managers. Mr. Savage witnessed a performance of the play in Budapest last winter and immediately after the performance paid the Hungarian author five thousand doliars for an option on tbe American rights, which subsequently he secured.

MUSIC AND DRAMA

Wyoming Last Night

The production of "Wyoming" at the opera house by the Burt-Imson Co., was a decided improvement over the production Monday night and was well attended. The bill for tonight is "For Home and Honor," a strong melodrama of heart interest. There will be specialties between acts by Master Robert St. Clair, Harry St. Clair and E. M. Gray. Popular prices will be charged. Thursday evening's offering will be "The Gambler and the Girl."

The Devil

It is usual for "The Devil" to be turned loose the night before election, but it will be done in a different sense in Brainerd this year than in some other places. "The Devil" which is coming to Brainerd on that date, next Monday night is the Henry W. Savage version of Franz Molnar's Hungarian play "Der Teufol" and is being presented by special permission of Mr. Savage one of the most progressive among American theatrical managers. Mr. Savage witnessed a performance of the play in Budapest last winter and immediately after the performance paid the Hungarian author five thousand doliars for an option on the American rights, which subsequently he secured.

TEXT OF JUDGE TAFT'S TALKS

Industries of Cities and Towns Along the Hudson.

TO THE INTERESTS OF LABOR

Republican Candidate Asserts That the Policies of His Party Had Been Chiefly Devoted to the Interests of the Laboring Classes and Points Out That the Protective Policy Made Possible the Chief Industry of Yonkers, N. Y.

Troy, N. Y., Oct. 28.—The industries of the cities and towns which line the banks of the picturesque Hudson from Greater New York to Troy, were made the text for the speeches of William H. Taft to the people of these cities and towns.

Yonkers smiled on the big form of the Ohioan through a heavy shower. He talked at length to as many as could get into the largest theater, and then addressed those who had stood waiting in the rain, whose number was even greater.

Mr. Bryan spoke in Yonkers Monday, and, saying he understood his distinguished opponent had charged that the Republican party had done nothing for labor, Mr. Taft first asserted that the policies of the Republican party had been chiefly devoted to the interests of labor, and the pointed out that the protective policy made possible the sugar refining industry, the chief enterprise of the city.

"Certainly Mr. Bryan was a bold man to advocate such views in a town like Yonkers," continued Mr. Taft, "which I believe is one of the greatest manufacturing towns in proportion to its size in the state of New York, and is dependent upon the protective system."

As a sample, Mr. Taft said, of the "utterly impractical or destructive character of Mr. Bryan's recommendations with reference to economic reforms," he would cite what Mr. Bryan would do with the Yonkers sugar refining, assuming for argument that the refinery was in a "trust." Mr. Taft said:

Would Destroy Refineries.

"He would take off the differential on sugar—that protection which is necessary to enable us to have any sugar refineries in this country. It would cause the establishment of refineries in Germany, and all of your population here dependent on this refinery would be affected. And not only would it destroy the trust, but with it the independent refineries."

"The Republican party is just as much opposed to monopoly as the Democratic party," announced Mr. Taft later, "It passed and enforced the anti-trust law. It believes in going directly at the evil of monopoly by punishing men for continuing it, rather than by destroying the industries and the great combinations of capital that have much utility, and are of such benefit to the wage-earners. It believes in stamping out the evil, and not stamping out the corporation."

Tarrytown, Peekskill and Fishkill Landing listened in the rain to short speeches delivered by the candidate from the rear of his car. The dampness did not seem to dull the ardor of the citizens. When the Taft special reached Poughkeepsie the rain had just ceased and the sun came out brightly. He was driven up town to the Collingwood Opera House, which was crowded to the very doors. Judge Taft got inside with much difficulty after which the doors closed on most of the members of his party, including Job Hedges, who was to help the candidate in the speaking. Turning to the big crowd outside Mr. Hedges employed his time in optimistic predictions as to what such enthusiasm would result in next week.

"The Smile That Won't Come Off."

A class of girls from Vassar tried to "get" Judge Taft's speech in shorthand, and an enthusiast in the gallery attracted brief attention by shouting: "He surely wears 'the smile that won't come off.'"

"It will still be there next Tuesday," rejoined Judge Taft, and in his hope the audience seemed to concur. Here the Republican candidate reverted to Mr. Bryan's issue "shall the people rule."

"'Shall the people rule' has stranded," he declared. "The truth is that the proposition that the people had not ruled up to this date met with so much ridicule that it has faded out as an issue."

Another brief speech was made at Hudson, after which the special ran to Schenectady, where nearly three hours were occupied by the candidate in the delivery of three speeches, all of them predominant with the labor issues.

A faulty engine delayed the Taft special so that it was nearly 10 o'clock before it reached Cohoes, where a monster meeting was addressed. The interests of labor were talked of at each place and enthusiasm was at high pitch. Troy was reached at 10.30 o'clock. Immense Bolton hall was packed and jammed with thousands who had been in their coveted places for three hours. Judge Taft addressed them, thus finishing his day's work shortly after 11 o'clock.
